

Venue, Accommodation, Access

Venue

The seminar will be held at the **Université Paris-Diderot**, School of Physics, Paris.

Accommodation

Registration fees do not include the cost of accommodation. The campus is in the 13 district (Place d'Italie) close to the Seine river, the French National Library and the 12 district.

Access

There are two main airports in Paris: Paris-Orly and Paris-Roissy Charles de Gaulle. It takes one hour to reach the conference venue by the suburban train. More details are given on the conference website.

Instructions for Authors

Authors are invited to submit an abstract of 500 words minimum with a maximum of two pages. The abstract should comprise the title of the proposed paper, the background, objectives, methodology, results and conclusions of the work. It should list the names, affiliations and contact details (address, email & phone number) of the authors.

Abstracts should be submitted on the web site:

<http://eurotherm106.sciencesconf.org/>

Presentations / Publications

The seminar will hold technical oral presentations from recognized academic and industrial experts.

Extended version of accepted papers will be submitted for publication to the *International Journal of Thermal Science*.

Deadlines

New dates

May 15, 2016	Abstract submission
June 1, 2016	Notification to authors
July 1, 2016	Full paper submission
July 15, 2016	Reviews to authors
Sept. 1, 2016	Revised paper submission
Oct. 10-11, 2016	Eurotherm Seminar 106

Registration Fees

	Early registration before 15/07/2016	Late registration
Student	300 €	350 €
Full	400 €	475 €

The prices include the inscription at the seminar, the coffee breaks and the gala dinner (lunches in neighbouring restaurants). At least one author must register for each paper that is accepted for presentation and inclusion in the conference proceedings.

Eurotherm Seminar 106

Call for Papers

**Physical and
Chemical Phenomena in
Heat Exchangers and
Multifunctional Reactors for
Sustainable Technology**

October 10-11, 2016

Paris - France

<http://eurotherm106.sciencesconf.org/>

Scientific Scope

Physical and chemical phenomena in **heat exchanger and multifunctional reactor** for sustainable technology:

- Fluid mechanics and heat transfer issues
- Mixing and reaction
- Interface phenomena
- Heterogeneous catalysis in heat exchanger-reactors
- Milli- and micro-heat exchanger/reactors
- Mathematical modelling
- Experimental methods
- ...

Program

Lectures will be focused on the following topics:

- Heat transfer and process intensification
- Energy efficiency
- Sustainable issues
- Socio-economic analysis
- Environmental impact
- Life cycle analysis
- Fouling
- Dynamic monitoring
- Non-conventional heat exchangers and reactors (biomedical, micro-biological...)
- Non-conventional materials (plastic, metallic foam ...)
- Bio-reactors
- ...

About Eurotherm

The aim of **EUROTHERM** is to promote European cooperation in Thermal Sciences and Heat Transfer by gathering together scientists and engineers working in specialised areas.

Sponsors

The conference is co-sponsored by

*International Centre for
Heat and Mass Transfer*
(ICHMT)

*Société Française
de Thermique*
(SFT)

Organizing Committee

Chairmen

PEERHOSSAINI Hassan	Univ. Paris-Diderot
RUSSEIL Serge	Mines Douai
LEMENAND Thierry	Univ. Angers

Local Organizing Committee

BAHRANI Seyed-Amir	Univ. Paris-Diderot
BOUGEARD Daniel	Mines Douai
JARRAHI Mojtaba	Univ. Paris Sud – Saclay
FADLALLAH Hadi	Univ. Paris-Diderot
RIAHI Hassen	Univ. Angers
ROYON Laurent	Univ. Paris-Diderot
THERMEAU Jean-Pierre	Univ. Paris-Diderot
VOURC'H Thomas	Univ. Paris-Diderot
